

# Energy Conservation in Garden Lightings

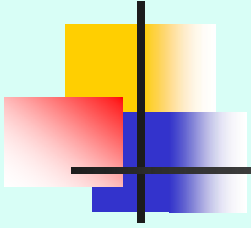

- Solar lighting panels of rating 11w/ 18w have been provided in the garden under MEDA support
- Energy saving =  $(70-18) \times 80 \times 4 \text{ hrs} \times 360 / 1000 = 5990 \text{ KWH per annum}$
- Total amount saving = Rs.26,955/- per annum
- Solar lamps are used to promote use of renewable source of energy
