BOOMERANG BOX™

Sustainable practices are inherent in the way we do business. Staying true to this philosophy OfficeMax Grand & Toy has adopted a new reusable delivery box to replace the one-time use box.

Our new revolutionary delivery box — the OfficeMax G&T Boomerang Box — can deliver multiple times rather than just once.

Contact your Business Solutions Advisor for expected availability in your area.

ARE DELIVERY BOXES TAKING OVER YOUR OFFICE?
We've got a few suggestions... and a solution too.

[Learn More](#)

We saved 46,000 one-time use boxes

Enough to stack taller than Canada's tallest mountain, with the pilot of our Boomerang Box.

Questions about the Boomerang Box?

BOOMERANG BOX DESIGN

Reinforced corrugate box
– stronger than a regular delivery box

Made from 57% post consumer material and is 100% recyclable

Tapered design makes the box stackable to minimize storage space requirements

Unique bar code for tracking

Drivers to collect old boxes when they deliver a new order or at the time of delivery to minimize storage requirements (to be determined – customer by customer basis)

SAVE IT. 

STACK IT. 

WE'LL PICK IT UP. 

MAKE A DIFFERENCE. 

WHAT'S IN IT FOR YOU?

Now you don't have to cut, fold, break-down, and recycle your boxes. Simply stack them neatly together and the OfficeMax Grand & Toy delivery team will collect them back and we'll reuse them for another order.

Not only does OfficeMax Grand & Toy save you the hassles associated with collapsing and disposing boxes, we

save you the costs of having to do so. Companies spend a significant amount of dollars each year disposing of delivery boxes, so returning boxes isn't just environmentally responsible – it's also fiscally responsible.

HOW CAN YOU PARTICIPATE?

G&T Boomerang Box™ is now our standard delivery box. The boxes are clearly marked with instructions to save them instead of disposing them. The boxes are tapered and can be easily stacked with their lids open. Simply stack the new G&T Boomerang Boxes and our drivers will return to pick them up to be used again on another order.

PROCESS SNAPSHOT

WHAT'S YOUR REQUIREMENT?

Boomerang Box participants are required to maintain a minimum 70% return rate to remain on the program. If your return rate slides below the mandated service level, your Business Solutions Advisor will work closely with you to help meet the requirements of the program.

The G&T Boomerang Box™ program is all about being more sustainable. When you add up all the boxes that we can save, the G&T Boomerang Box™ will make a significant impact - saving energy, fuel, time, and trees. We can't do this without your participation and support. Help us and it will come back to help us all.
