

## 23 Establish and Extend Bike Path Program

1. Build new recreational bike path and bike path network for green transportation. The 369 project will build 300 i-bike rental stations, 9000 i-bikes for rental, and 600 kilometers of bike paths in 4 years.
2. The project could prosper local economy, lower citizen's use of fuel oil vehicles, increase the aspiration of taking part in energy saving and carbon reduction.
