

The Resilience Roadmap

Stage A

Cities Know Better

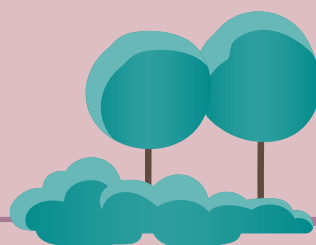

- » Awareness raising on DRR and resilience

Stage B

Cities Plan Better

- » Improving risk analysis
- » Improving diagnostic skills for planning
- » Improving strategies and plans

Stage C

Cities Implement Better

- » Increasing access to finance
- » Ensuring resilient infrastructure
- » Adopting nature-based solutions
- » Integrating climate risk into strategies and plans
- » Ensuring inclusion

Cross-cutting:

- » Enabling national-local linkages (Vertical Links)
- » Strengthening partnership within the city (Horizontal Links)
- » Promoting city-to-city learning
